

GAMETECNIKS Classic Excitement

TRI-POOL™

TRI-POOL

**A choice of three
pool games so real
you can apply English
and hear the click
of the balls**

A single machine permits player selection of three real life pool games . . . Straight Pool, Nine Ball, or Snooker . . . with action, rules, and scoring remarkably similar to regulation table pool.

Not a fad, no short playing life . . .
TRI-POOL promises lengthy profit production because it combines the proven popularity of a game over 7,000 years old with latest state of the art electronics. TRI-POOL . . . truly unique, the best of the old and new for profitable continuous play.

Natural attraction to pool balls provides a head start to volume repeat play. For one player or two in head-to-head competition. Make room for TRI-POOL . . . it plays to pay!

TRIP POOL™

One of the industry's largest computer memories assures amazingly real play

Straight Pool

Nine Ball

Snooker

A choice of three games from one machine, for one or two players

- **Video Screen** — Non-glare 19" color CRT.
- **"Phantom Spot Ball"** — Lines up shot for remarkably precise cue ball control and action.
- **Cue Stick Speed/Timer** — Allows choice of five varying stroke speeds from a light kiss to a power shot. Also times player, requires shot to be made within 20 seconds.
- **Automatic Scorer** — Records balls pocketed and points accrued.

- **Play Select** — Press for one or two players.
- **Game Select** — A—Straight Pool (16 balls), B—Nine Ball (10 balls), or C—Snooker (22 balls).
- **Control** — Positions "Phantom Spot Ball" to line up shot.
- **Shot Select** — Synchronize shot with Cue Stick Speed. Apply left or right English, forward or back spin, or no spin.

And There's More!
